

INTRODUCING

Born and based in the beautiful Pacific Northwest city of Portland, **Lillie Sabine™** creates exceptional skin care products that are friendly to people, the earth and our planet's pollinators—including bees—which serve as the symbol for our company. Many of the herbs and plants that make up our products rely on bees and the pollination process to regenerate and thrive, which creates a better product and a better world.

Quite often, skin care products contain harsh chemicals, synthetic fragrances or unnatural dyes that have potentially harmful effects on our bodies and to the earth. At **Lillie Sabine**, our mission is to keep it pure and simple by including only essential, high quality ingredients which benefit you and your skin by virtue of their inherent, natural qualities.

We care about our environment and whenever possible, we use glass and metal containers that are recyclable and BPA free. We can't wait for you to try **Lillie Sabine**. Not only will you

enjoy the benefits of the incredibly luxurious ingredients—you will also appreciate the thought and care that has gone into every aspect of each product.

BALANCING FACIAL CLEANSER

Formulated with essential, high quality ingredients to create a hydrating and replenishing cleanser specifically developed for mature, sensitive, normal, and combination skin types. Your skin will feel soft, smooth, clean and nourished.

Total Organic Content | **88%**

REFRESHING FACIAL TONER

As the finishing step in the cleansing process, our toner—which is based on cooling peppermint extract—will help restore the appearance of a youthful, glowing complexion.

Total Organic Content | **95%**

RENEWING FACIAL SCRUB

A simple and effective formulation created specifically for mature, sensitive, normal and combination skin types. The rich blend of ingredients in our exfoliating scrub will help bring new life to your complexion.

Total Organic Content | **84%**

HYDRATING FACIAL CREAM

Excellent for mature, sensitive, or combination skin. Our carefully selected ingredients are known for their highly moisturizing, calming and restorative properties. Perfect under everyday makeup or all by itself!
